After the tent are put up everyone is proud of their tent.

After the tents are up. Mark the camp counselor help the camp kids get wood for a camp fire. Tommy and Coco collect the most wood out of all the kids.

Soon as it gets dark Mark the camp consoler puts out the camp fire. All the camp kids go to their tents to sleep.

Jill is now sleeping restfully in her tent. She is suddenly awoken by a strange man. The strange man touches Jill on her chest and under her swimming suit bottoms. Jill is very scared. The man's voice sounds like Mark the camp counselor. As the tent door opens Jill see's that it is Mark the camp counselor.

Jill is scared all night long into the morning. Jill does not know what to do so Jill goes and finds her friend John to ask him what she should do. John tells Jill his mom told him he should tell right away if someone touches you and you feel funny or if someone touches you on your private parts.

Jill and John decide to go to the camp ground and tell the Nurse Suzy what happened to Jill last night.

Suzy listens to Jill and John and decides she needs to call the police on Mark and report what has happened. Mark is now scared. The police need to make sure all the children are safe so the police take Mark away from the camp ground to question him.

Today is the last day at camp and all the kids are being picked up by their parents. Jill is happy to go home and she is glad all the kids will now be safe from Mark now that she told Suzy the camp counselor what happened.
